Academic Qualifications:

| Course | College/School | % / CGPA |
|---------------------------------|---|----------|
| PGDCA (2021- 2022) | SARVEPALLI RADHAKRISHNAN UNIVERSITY, BHOPAL | 70.80 |
| BE in Civil (2013 - 2017) | RKDF COLLEGE OF TECHNOLOGY & RESEARCH, Bhopal | 7.75 |
| Class XII (2013) | G M S S High School Madhubani, Bihar | 55.8 |
| Class X (2011) | S N S D N G High School Madhubani , Bihar | 39.8 |

About Me:

I am a dedicated and experienced site engineer with a strong background in managing construction projects from conception to completion. With 3+ of experience, I have honed my skills in ensuring quality standards, adhering to safety regulations, and maintaining project timelines and budgets. I am proficient in engineering software such as AutoCAD and Revit, and I possess a thorough understanding of construction methods, materials, and building codes. With excellent project management and leadership abilities, coupled with effective communication skills, I am committed to contributing to the success of dynamic construction teams.

Skills:

- Proficient in AutoCAD, Revit, and other engineering software like MS Word, MS Excel.
- Strong knowledge of construction methods, materials, and building codes.
- Excellent project management and leadership skills.
- Effective communication and interpersonal abilities.
- Detail-oriented with a focus on quality and safety.

Internships:

Sobha ltd, Pune (01/08/2015 – 10/10/2015): 70 days training in SITE EXECUTION & PLANNING" APPLICABLE FOR EXECUTION OF CIVIL AND STRUCTURAL WORK FOR SOBHA ORION/GARNET

B.E Major Projects:

Hydraulic Bridge with Cable stay Technology

• **Synopsis**: Design a Hydraulic Bridge using Popsicle sticks, syringes and Fevicol as glue (without utilizing any strengthening covering) that can open to a maximum angle and sustain the greatest conceivable load without failure, fulfilling all the understated constraints.

Experience:

Manisha Group Private Lt Site Engineer Pune, Maharashtra, India

Feb 2024 - Present

- Manage construction projects, ensuring adherence to specifications, timelines, and budgets.
- Conduct site inspections and quality control assessments to meet regulatory standards and client requirements.
- Coordinate with stakeholders to resolve technical issues and maintain project progress.
- Implement safety protocols and conduct regular audits to ensure a safe working environment.

DHSY Construction Private Ltd Nagpur, Maharashtra, India Site Engineer

Mar 2022 - Jan 2024

- Managed construction projects from conception to completion, ensuring quality standards and safety regulations.
- Conducted site inspections and coordinated with subcontractors to maintain project timelines.
- Prepared progress reports for management and clients, ensuring effective communication throughout the project lifecycle.

Master CAD Solutions Noida, Uttar Pradesh, India Site Engineer

Aug 2019 - Aug 2020

- Assisted senior engineers in project planning, scheduling, and resource allocation.
- Conducted material testing and quality assurance checks to ensure compliance with specifications.
- Supported the implementation of environmental management practices to minimize project impact.

DECLARATION:

I hereby declare all the information furnished above is true to the best of my knowledge.
